
Друк Конденсированный

Из всей коллекции **Druk Condensed** наиболее явно отсылает к работам Вилли Флекхауса. Это семейство изначально было разработано для выпуска *Bloomberg Businessweek*, где подводились итоги 2011 года. Его отличают прямые штрихи, благодаря которым буквы и слова стыкуются друг с другом аккуратно и приятно для глаза.

Druk Condensed насчитывает три ширины в одном и том же начертании Super. Condensed и X Condensed очень графичны, а XX Condensed может показаться произведением абстракционизма. Дизайнер Бертон Хасебе вполне сознательно пошёл на едва заметное изменение в текстуре шрифта, чтобы не дать концевым элементам и перекладинам слишком часто выравниваться в единую горизонталь. Такое решение позволяет сохранить акцент на вертикальном измерении букв и не даёт словам и заголовкам сделаться монотонными. Максимальный кегль для данного семейства диктуется разве что размерами страницы, однако ограничения снизу следует уважать. Condensed перестает смотреться хорошо при размерах 40 пунктов и менее; X Condensed следует использовать при 48 пунктах и выше; для XX Condensed лучше ограничиться кеглями от 72 пунктов.

ABOUT THE DESIGNERS

Berton Hasebe (born 1982) moved from Hawaii to study and work in Los Angeles, obtaining a BFA from Otis College of Art and Design in 2005. In 2007 he moved to the Netherlands to study type design through the Type and Media masters course at the Royal Academy of Art (KABK) in The Hague. Berton has resided in New York since 2008, and was a staff designer with Commercial Type from 2008 to 2013, when he left to start his own studio.

Berton's typefaces have been awarded by the New York and Tokyo Type Directors Club, the ATypI, and the BRNO Biennial. In 2012 he was awarded Print Magazine's 20 Under 30 Award. Berton currently teaches typography at Parsons and type design at The University of the Arts in Philadelphia.

Ilya Ruderman is a type designer living and working in Moscow, where he did his undergraduate studies at the Moscow State University of Print. His interest in type came from his classes with Alexander Tarbeev, and as his interest developed into a passion he chose to attend the Type and Media course at the Royal Academy of Art (KABK) in The Hague.

After graduating from Type and Media he returned to Moscow to pursue commercial projects for clients such as *Men's Health Russia*, *Yes* magazine, *Best Life* magazine, *Big City* magazine, Moscow City and Transport system, Perm City and Tele2. Later he worked for several years as the creative director at news agency RIA Novosti. Ruderman has lectured extensively on type and typography, both on his own and together with Valery Golyzhenkov. Ruderman is a curator of the Type & Typography course at the British Higher School of Art and Design and currently is co-founder of two studios: GSTM Fonts and Moscow Design Studio.

Yury Ostromentsky is a type and graphic designer. He is a graduate of the Moscow State University of the Printing Arts (2002), where his graduation project was done under the supervision of Alexander Tarbeev. He has worked as a designer and art director for publishers and design studios.

From 2004 to 2012, he served as art director of the magazine *Bolshoi Gorod (Big City)*, for which he created several display typefaces as well as several original typefaces and Cyrillic versions of Latin fonts in collaboration with Ilya Ruderman. His typefaces were honored at the Contemporary Cyrillic 2009 and 2014 competitions. In 2004 he, along with Ruderman, Dmitri Yakovlev, and Darya Yarzhambek created *DailyType*, a website that collected and celebrated examples of type from around the world. In March 2014, again with Ruderman, he founded CSTM Fonts.
